Lasith Malinga recorded his second World Cup hat-trick

Lasith Malinga recorded his second World Cup hat-trick and a career-best 6/38 to spark Sri Lanka's crushing nine-wicket win over Kenya in the initial match.

The 27-year sling-action bowler, who missed Sri Lanka's opening two matches due to a back strain, trapped Tanmay Mishra (nought) lbw with the last ball of his seventh over.

At the start of his next, he bowled Peter Ongondo and Shem Ngoche in successive balls to complete his hat-trick, finishing the innings at 142 in 43.4 over's, by bowling Elijah Otieno (0) to complete a four-wicket burst off six balls.

The 1996 champions, who won their first match against Canada by 210 runs, now have four points from three games.

Malinga's previous best of 5/34 was recorded against Pakistan at Dambulla last year.

His hat-trick is the seventh in all World Cup matches and came just a day after West Indian Kumar Roach took three-in-three against the Netherlands in New Delhi.

With Malinga firing all cylinders, four of the last seven batsmen failed to score.

Pallekele, another feather in Lanka's cap

This World Cup has provided Sri Lanka with superb opportunity to showcase their latest cricket infrastructure. While Hambantota on February 20 revealed the Mahinda Rajapaksa Stadium, Pakistan-New Zealand game will provide ODI cricket with its latest venue-the Pallekele International Cricket Stadium, which is situated in a hilly region close to Kandy.

Like the stadium in Hambantota, this one too pops out of nowhere amidst a green, hilly stretch.

Fittingly, since it is in Kandy, the home town of Sri Lanka's favourite cricketer-Muttiah Muralitharan, the structure was named after the legendary off spinner. Kandy was a regular Test venue till 2007, and would host its games at the Asgiriya Stadium. Due to certain local problems there, Sri Lankan cricket decided to abandon that ground and build a new facility of its own.
